# THE TECHNICIAN

*"He who hath a trade, hath an estate." - B. Franklin*

Published by  
*Phoenix*  
*Technical School*

525 North Seventh Street

# Foreword

Your "Technician" Staff believes, now, that building a book such as this is no small task. Most of the staff was new this year as the Editor, Associate Editor, Business Manager, Assistant Manager and several others in the 1951 staff graduated.

However, each has learned rapidly with success and with failure, with pleasure and with grief. Each has accomplished what he could. If the book deserves any praise, credit should go to those new faithful staff members who have overcome difficulty and discouragement to produce this, the 1952 edition of "The Technician."

Special credit is due these others who have given of their time and encouragement in preparing the book for publication: Mr. Lemley, Mr. Eppert, Mr. Luck,, Donald Tabor and others who took the pictures that appear in this book; Mr. McCullar who handled the subscriptions; Mr. Kushibab, Mr. Eppert, and Mr. Talbott who directed the advertising sales; Mr. Kendall who caught much of the grief; Mr. Zeitlin who collected the pictures of "Our Boys in Service"; Mr. Luck who provided artistic help, both from his class and personally.

To them and innumerable others who have aided us and without whose help the publication would have been more difficult, I offer my sincere thanks and the thanks of the staff and sponsor.

## DIRECTOR'S MESSAGE

Four years ago, ten years ago, twenty years ago (whatever the span of years may be, they pass all too quickly!) you and I began our affiliation with this school. Before us was emblazoned a motto, that they who enter these halls of learning

### ENTER TO LEARN

Our years of learning, as far as Tech is concerned, are past now — and together we

### LEAVE TO SERVE

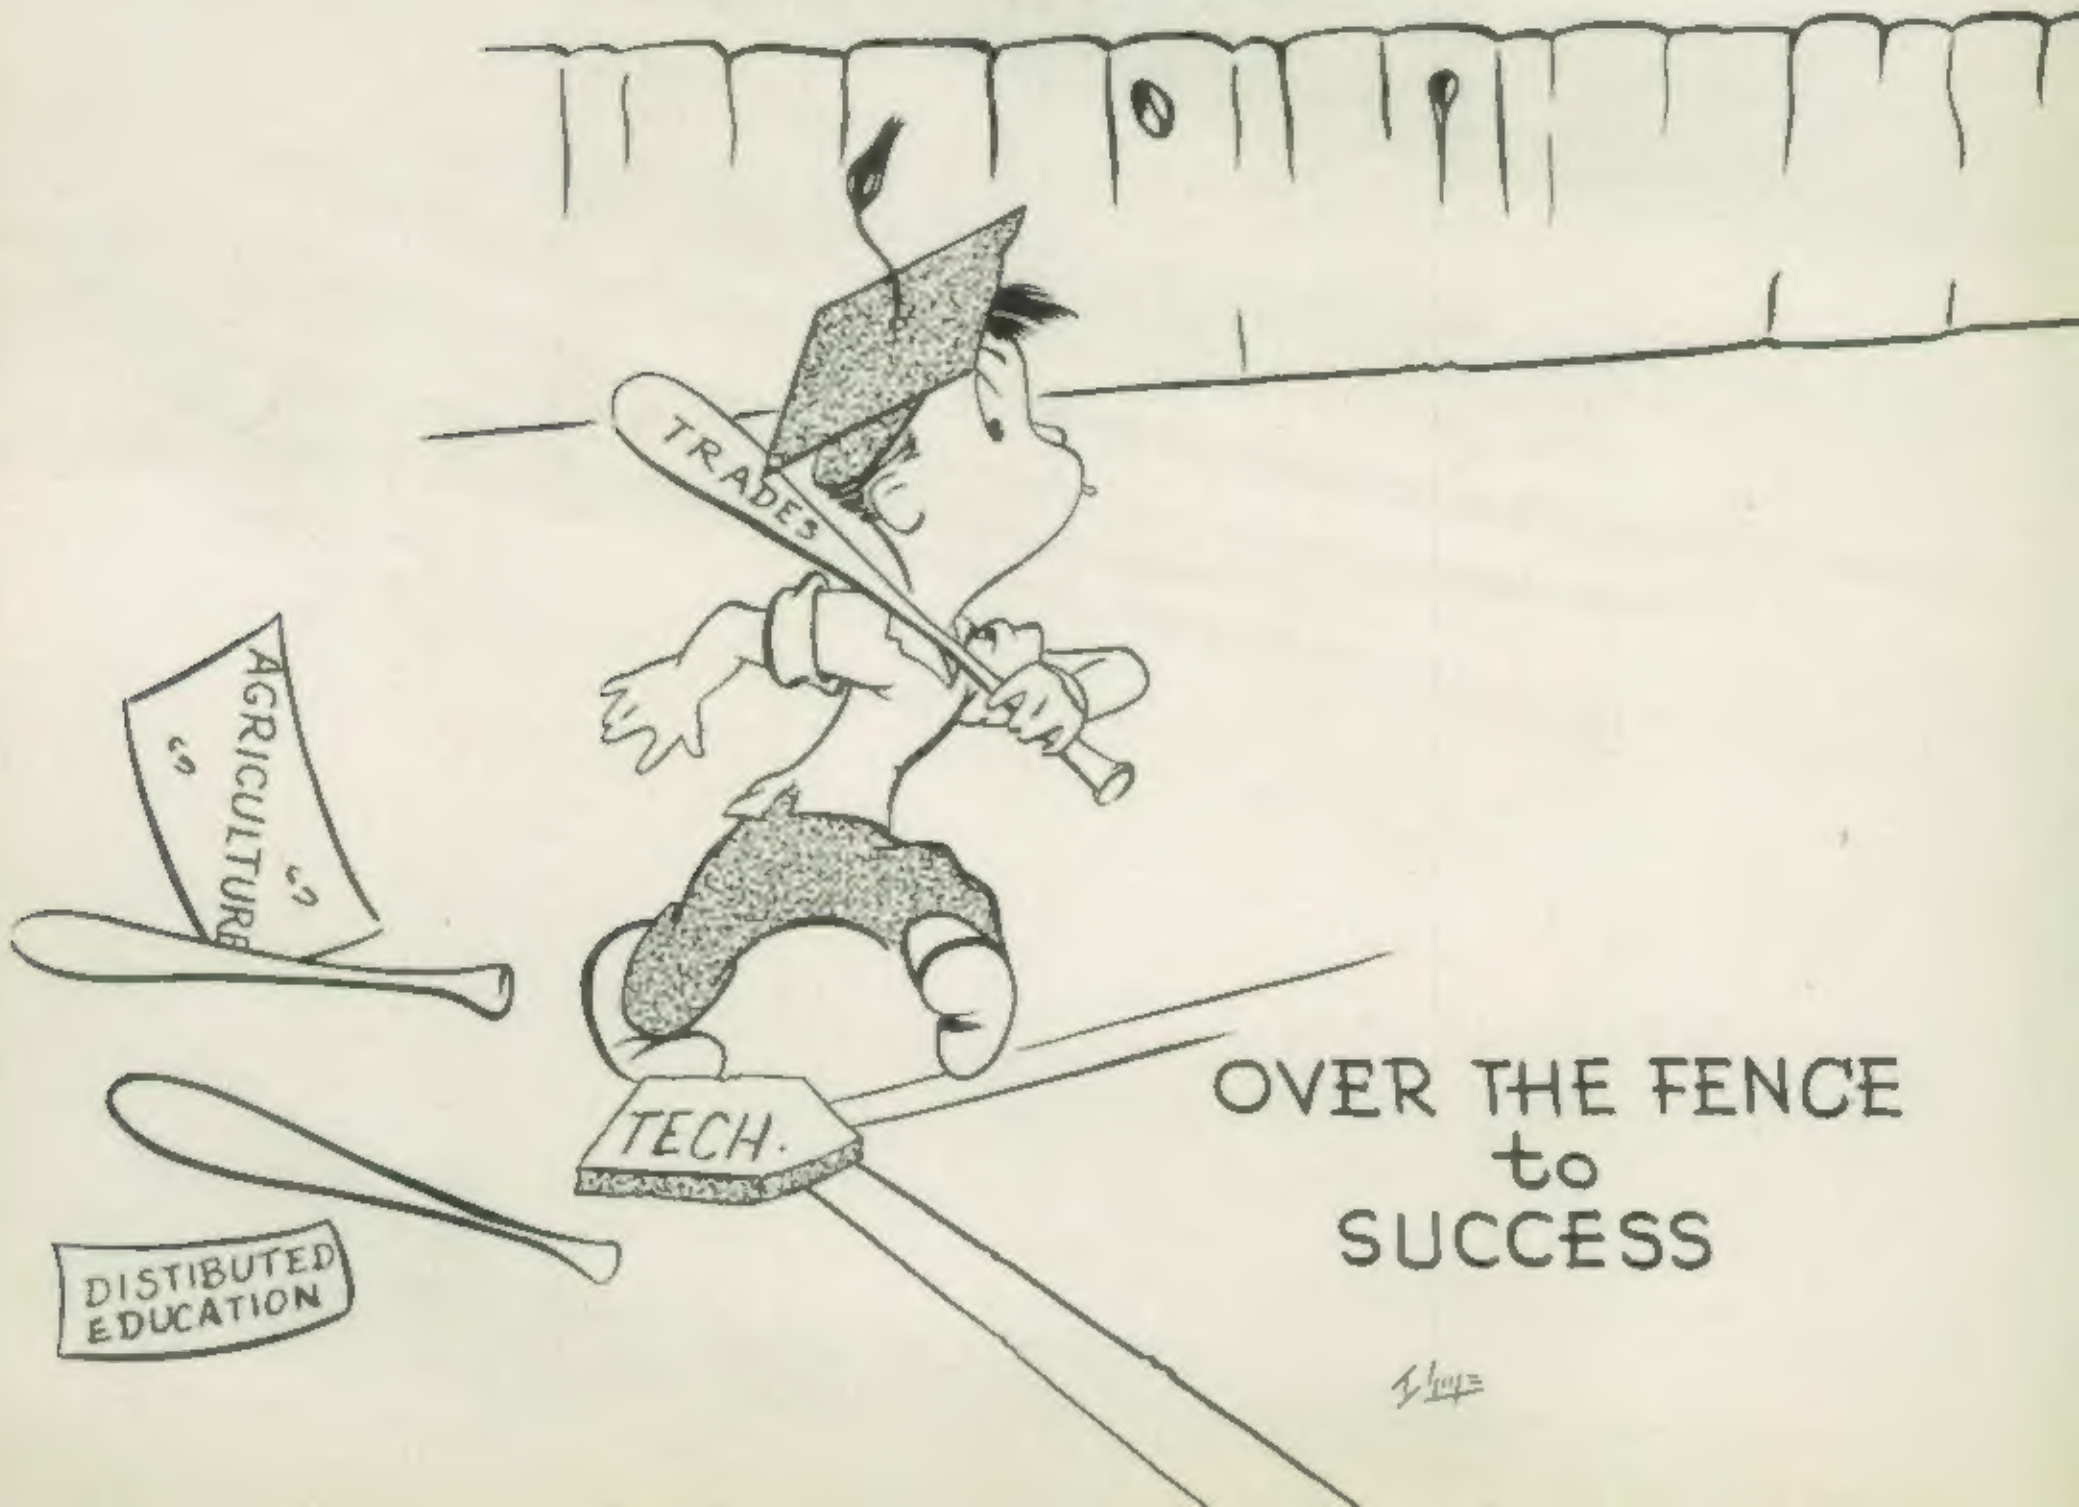

If we have served well our years of learning, if we have acquired a thorough knowledge of our trade or our vocation, as well as the traits of character and citizenship that will enable us to build a life, as well as to earn a living, then

There is no doubt that wherever we may be, in whatever capacity we may find employment for our knowledge and our talents, we will serve well and ethically and recall to mind the quotation from Benjamin Franklin that

HE WHO HATH A TRADE HATH AN ESTATE

*JJ Kayetan*

# SUCCESS

# *Dedication*

**Mr. J. J. Kayetan**

Twenty years ago, Mr. J. J. Kayetan joined the faculty of the Phoenix Union High School System as an instructor in the sheet metal shop. During the next fourteen years he was largely instrumental in establishing a progressive vocational department in P.U.H.S. Later it was established in separate quarters in conjunction with the state. Six years ago this humble beginning culminated in the organization of a separate unit of the school system which was named Phoenix Technical School. Mr. Kayetan was appointed Director at its beginning.

Under his direction the school has grown and expanded its facilities until more than 7,000 people have been enrolled in its various classes in a single year.

Now that he is going on to larger fields of endeavor it is with gratitude for his excellent guidance and untiring labor that we dedicate this, the 1952 "Technician" to him.

## *The Staff*

Two thousand years ago  
There passed this way  
    A Carpenter  
A few brief years  
He walked and talked  
And then moved on  
    And yet —  
The words He spoke  
    Live on  
For He built lives  
    And hope  
    \* \* \*

He, too, was a carpenter:  
Our friend and teacher  
Who stopped with us  
A few brief years  
And then moved on  
    And yet —  
He, too, shall live  
For years to come  
For those of us who knew him  
As teacher and friend  
He taught us to build things—  
    And character

249 Vocational Students,

And 4249 Night Students who were

CAMERA SHY

If you can't see them why not use this for  
AUTOGRAPHS?

# VOCATIONAL TRAINING

"THERE'S A RIGHT WAY TO DO THINGS"

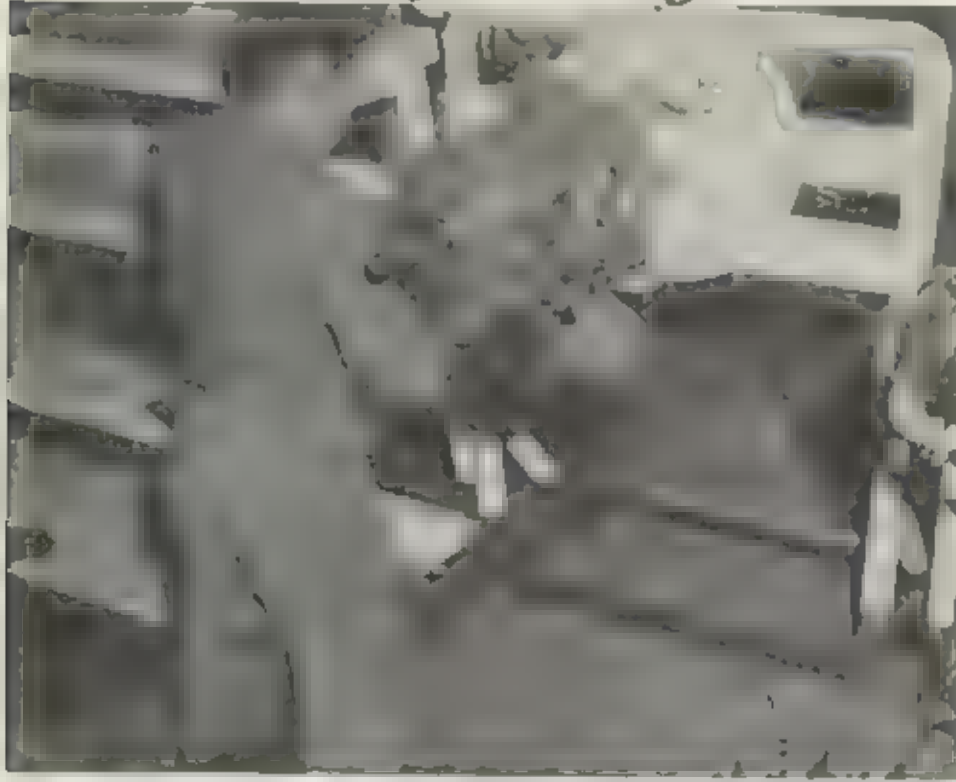

# *Vocational Agriculture*

Under the instruction of Mr. E. F. Felton, Mr. G. A. Gentry, and Mr. V. G. LaTourrette, vocational agriculture prepares the students taking this subject for most any type of agriculture work

# Aircraft Engines

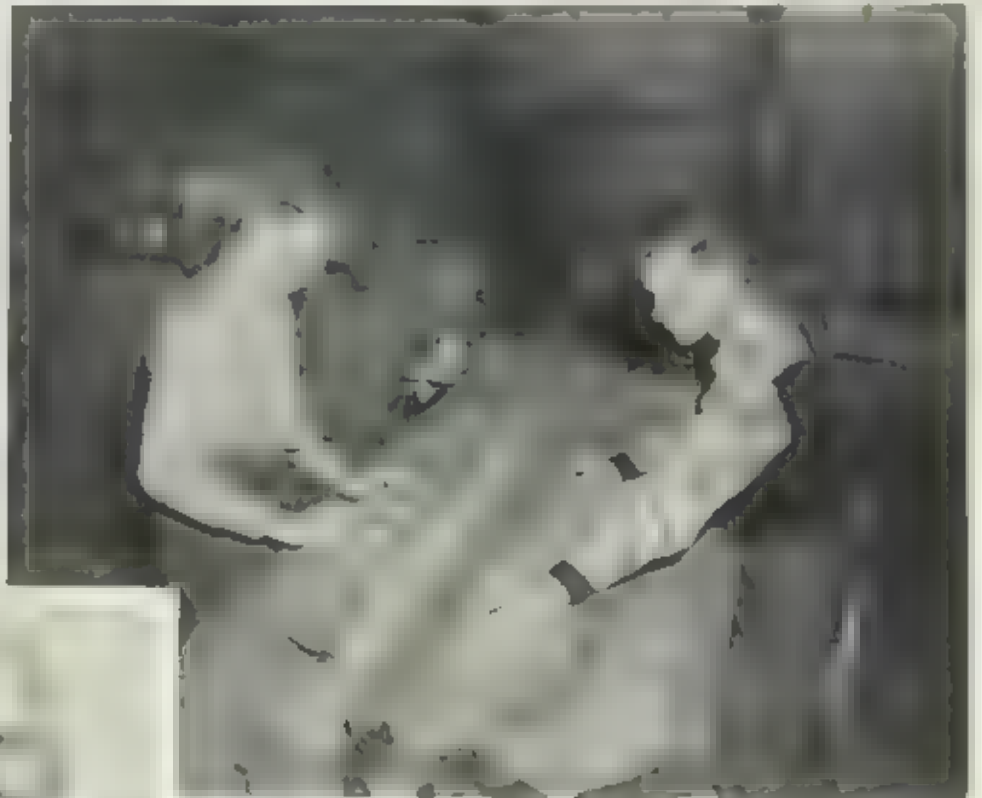

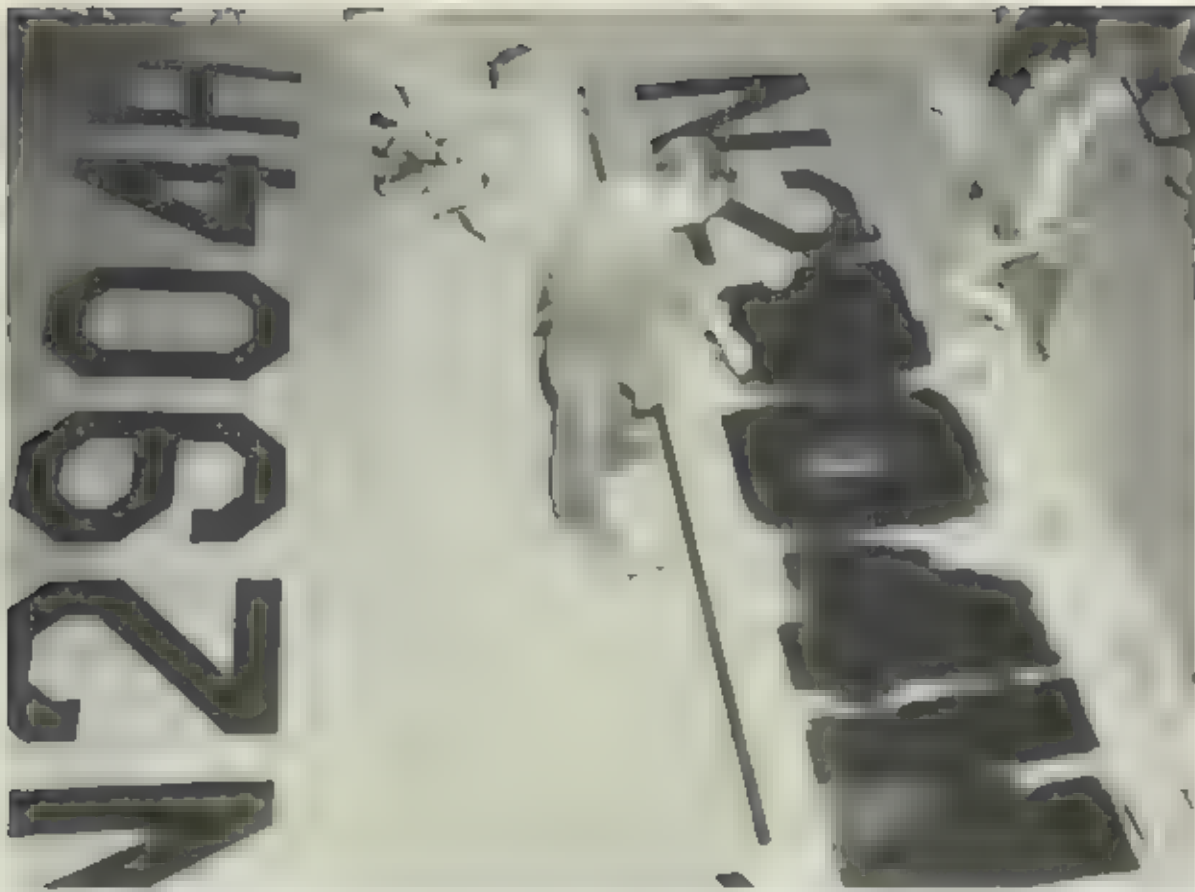

Maintenance, repair, and overhaul of various types of engines along with various other things taught in this course by **Mr. Gordon S. Furnish**, leads to the qualification of a student for his civil aeronautic examination and an Aircraft Engines Mechanics License

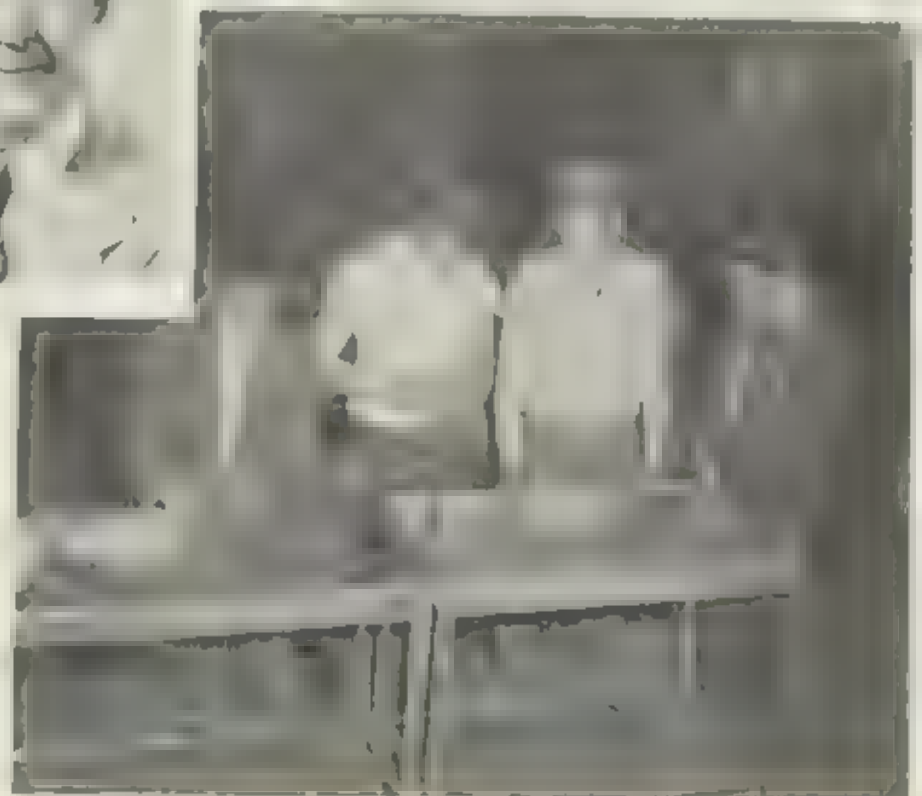

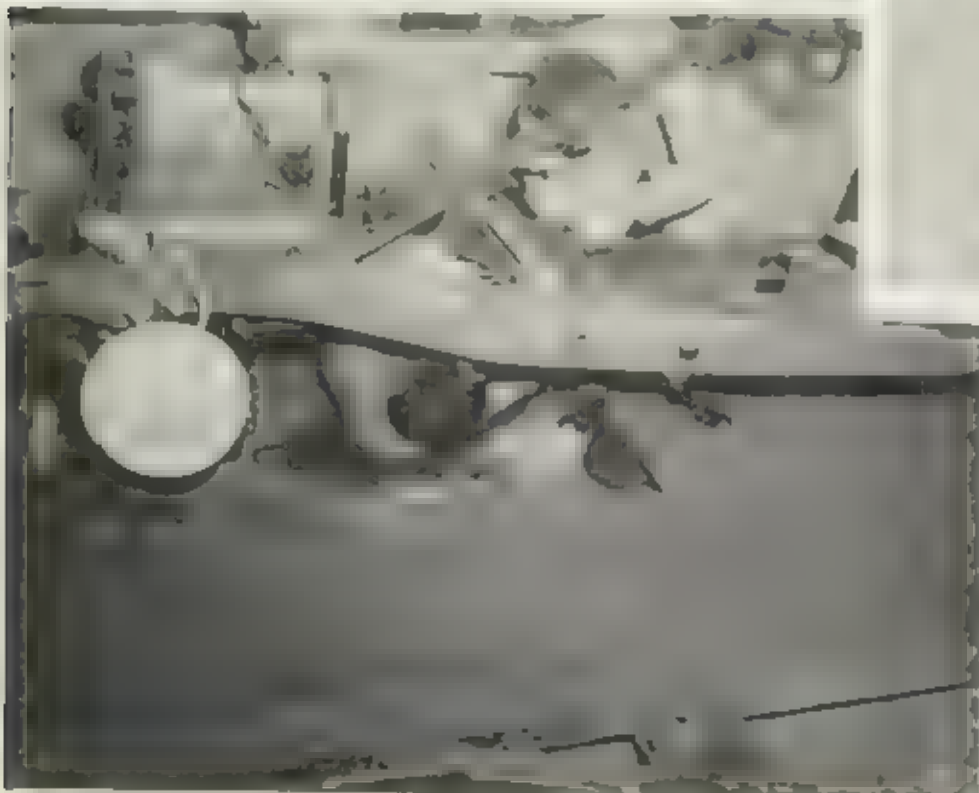

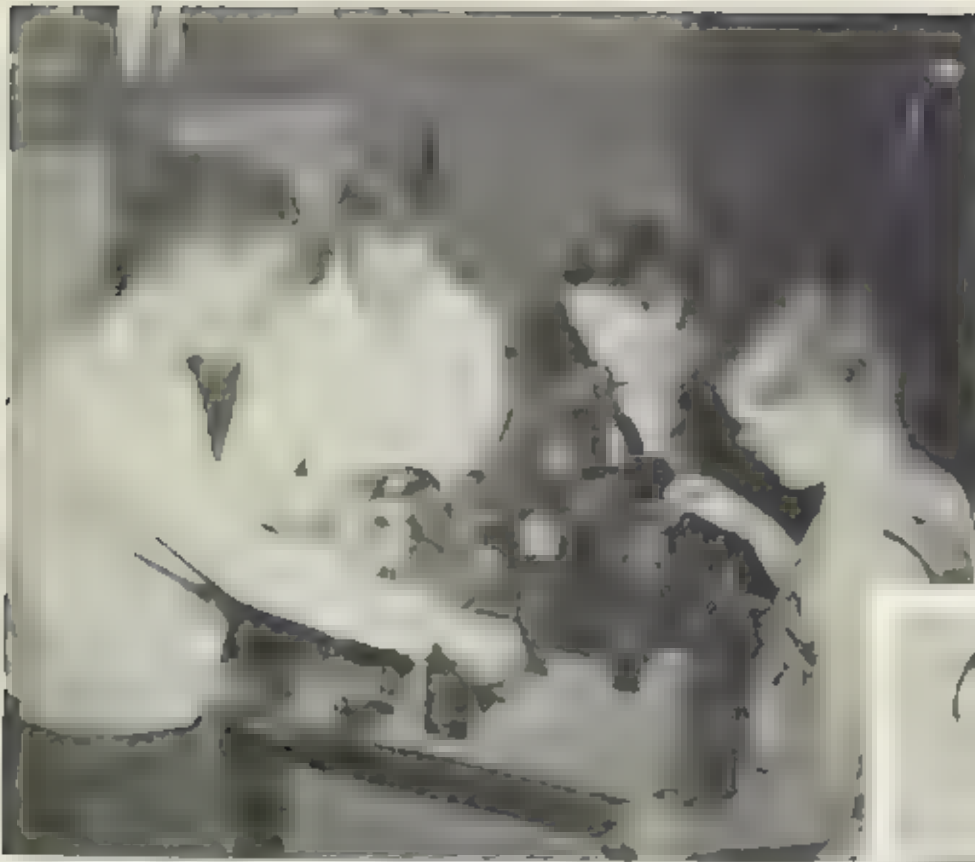

# *Aircraft Maintenance*

After satisfactorily completing this course of training in aviation maintenance repair and alteration, instructed by **Mr. Simon N. Chilteen**, a student can apply for a CAA Mechanics Certificate

# *Beginning Auto Mechanics*

The basic principles of auto mechanics is taught by **Mr. Kenneth Mangold** and **Mr. Dale James**. Within a year the students are ready to begin with Advanced Auto Mechanics

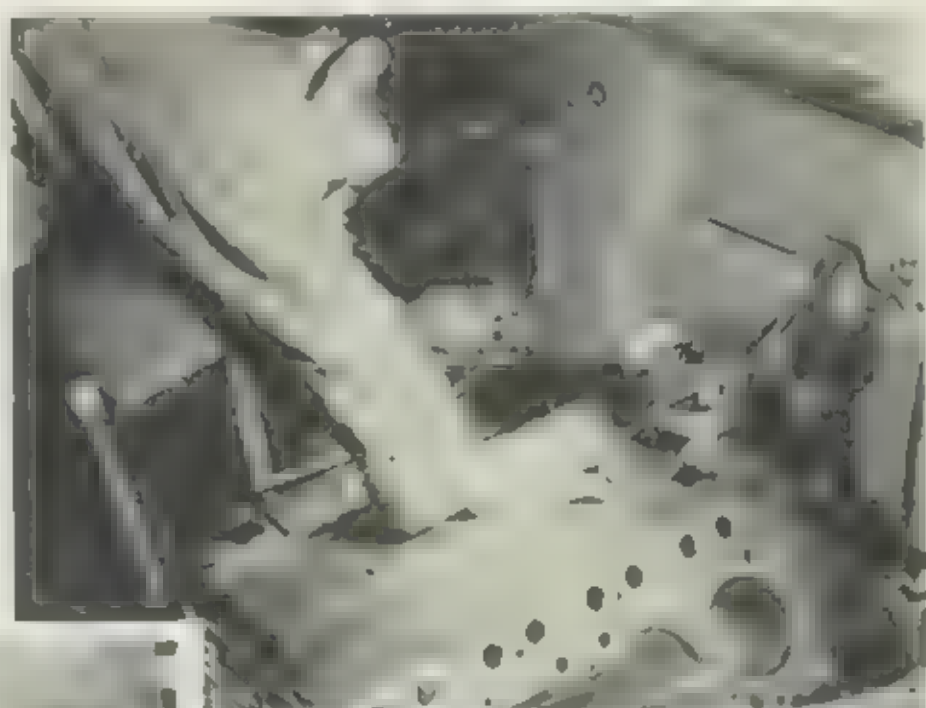

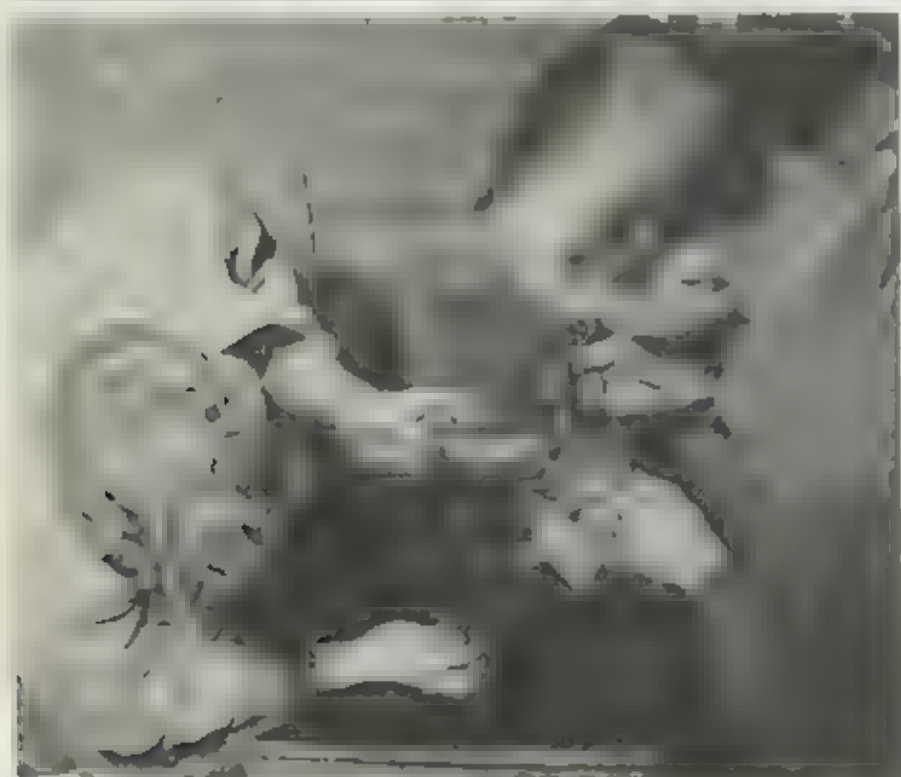

## *Advanced Auto Mechanics*

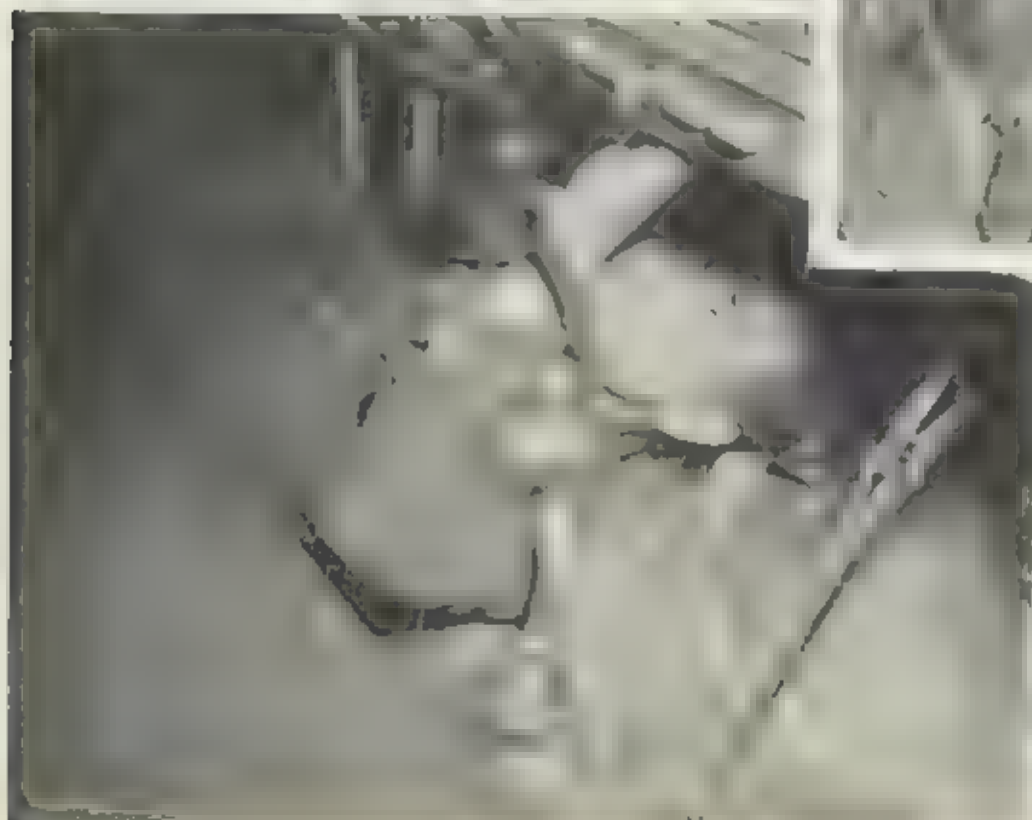

**Mr. James L. Thomas and Mr. Samuel C. Liberante**  
carry the students through advanced auto mechanics  
Chassis and motor overhaul is thoroughly covered

# *Auto Mechanics (Electrical) and Truck Operation*

In Auto Mechanics (Electrical), taught by **Mr. Henry Baker**, the student studies the electrical set-up of Automobiles. The Students of Truck Operation, taught by **Mr. Ray Lemley**, are trained to drive and care for anything from a pick-up to a ten-ton tractor and trailer (Mr. Lemley just wouldn't have his picture taken)

# *Band Shop*

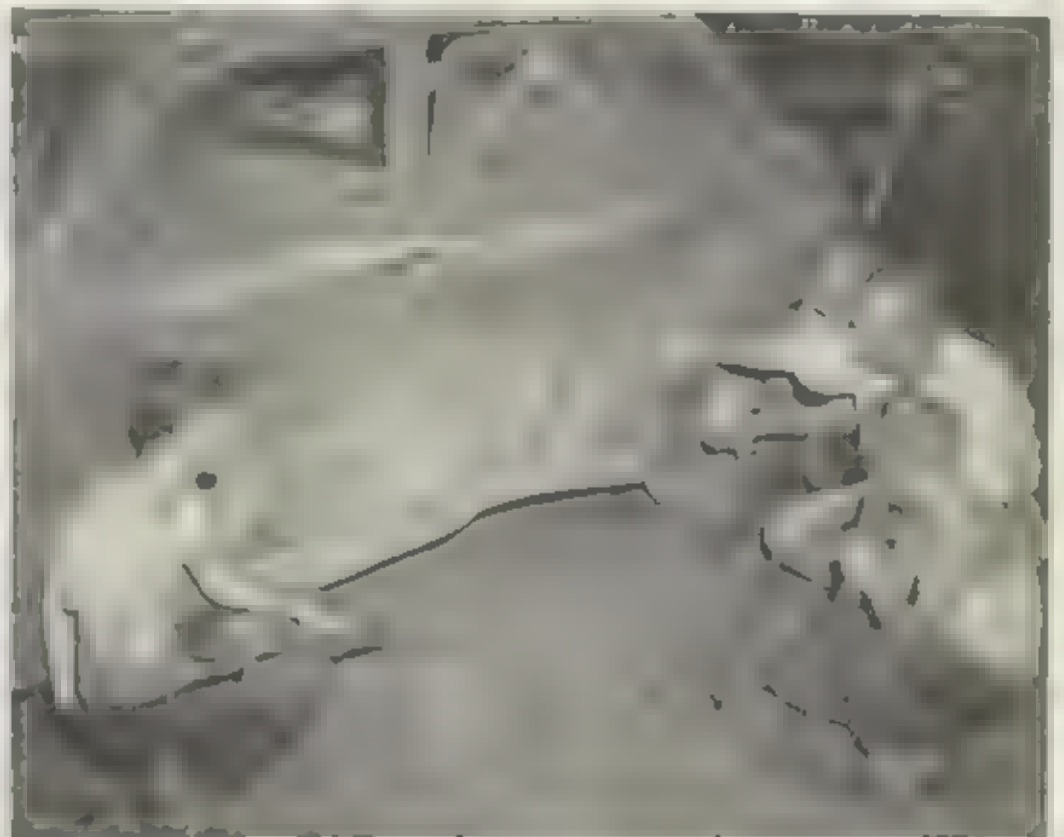

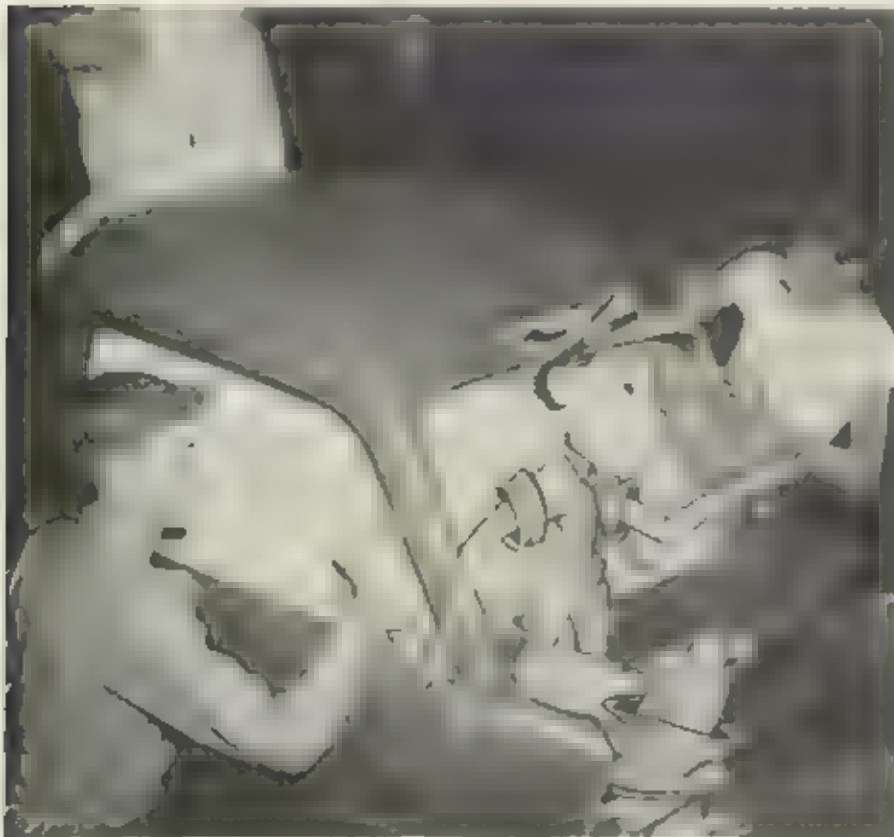

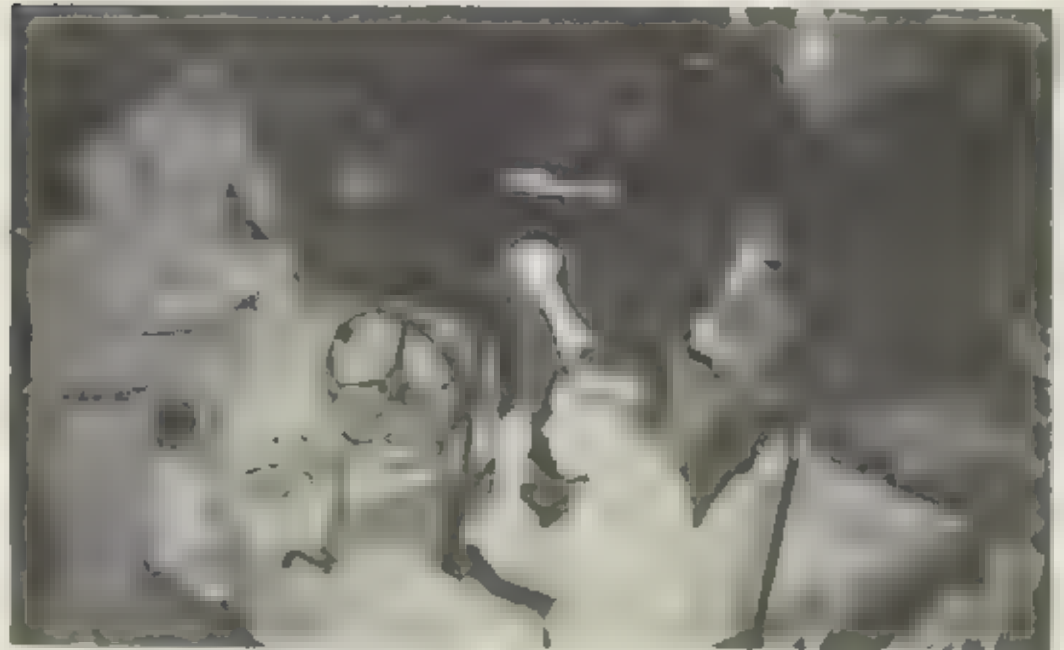

This is the only place in Arizona that allows a student to spend the major part of his time in pursuit of a musical education. **Mr. Pat H. Lebs**, the teacher of band and mixed chorus, also teaches the students on established band instruments

# *Body and Fender*

**Mr. W. W. Wright and Mr. Richard Willenberg,** Instructors of Body and Fender Repair, Painting and Upholstering, instruct the students in body and fender rebuilding and repair, spray painting and upholstery

# *Carpentry*

Mr. Leo Bowers and Mr. Henry Walters are the instructors in Carpentry Shop. In Carpentry the student learns the various construction functions, along with a three month study of square framing, etc

## *Clothing and Design*

In the Clothing and Design Shop the students learn information and understanding of line, the choosing of colors and some knowledge of the fiber content of the fabric. The instructors in Clothing and Design are **Miss Iva Curlee** and **Mrs. Jessie Hall**.

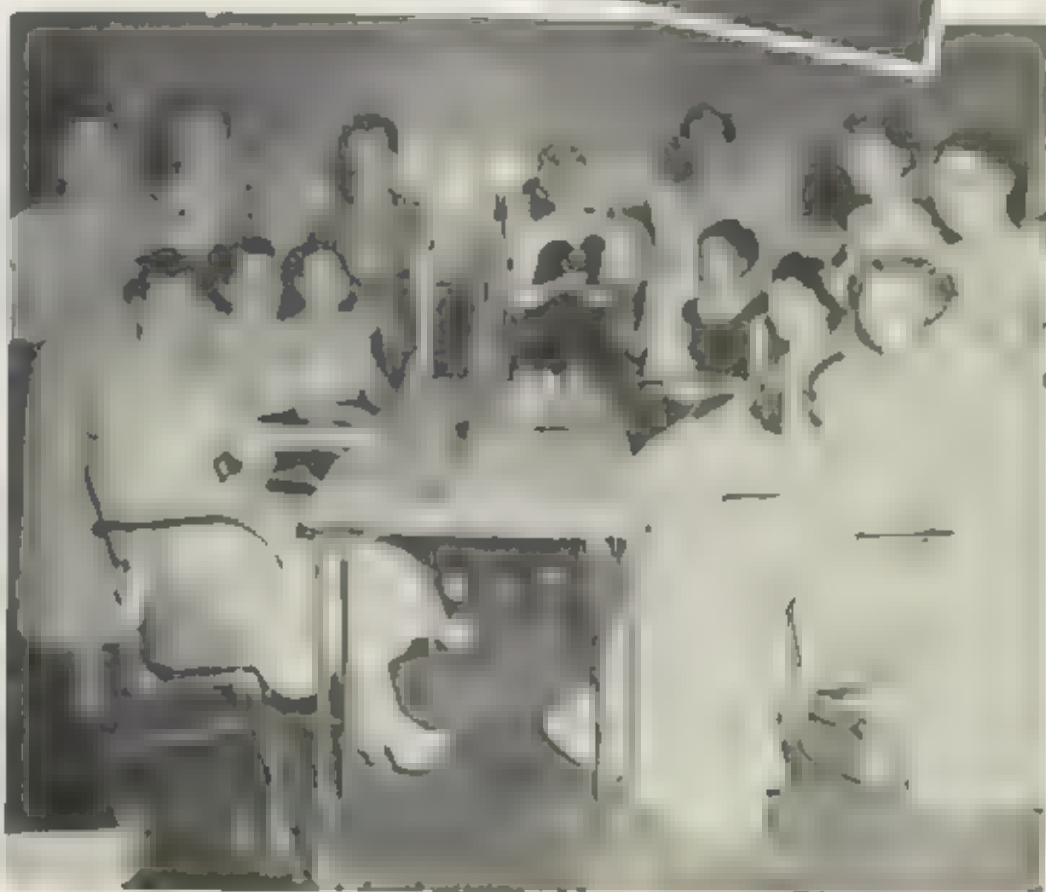

# Commercial Art

In Commercial Art, newspaper advertising, paper advertising, and magazine advertising is greatly stressed. The Students, taught by **Mr. Harold Luck**, are taught sign painting, along with various other artistic things

# *Cosmetology*

Mrs. Ruth Bok, Instructor of Cosmetology, instructs her students in the current hair styling and how to improve the looks of their fingernails. The student also gives facials to those who want them. The cosmetology class can cut, style, wash, set hair or give permanents.

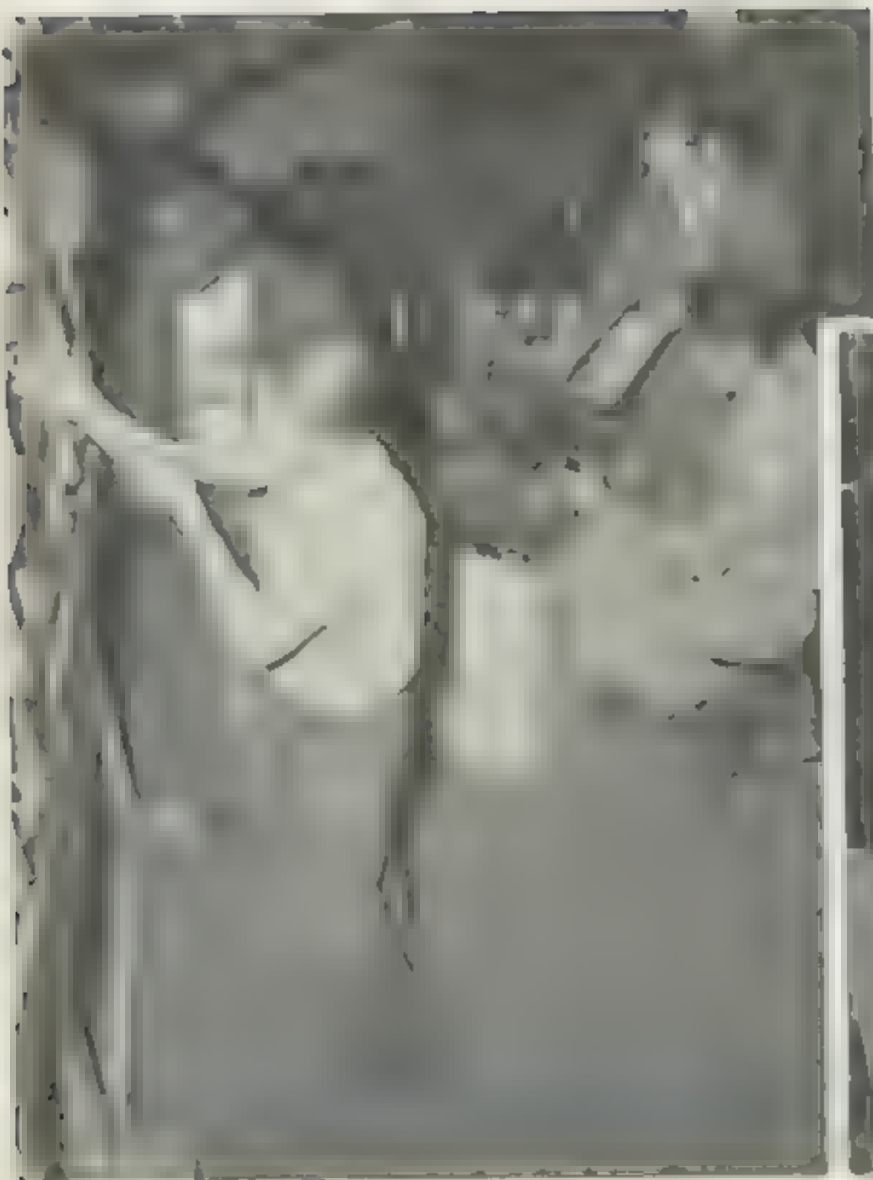

# *Industrial Electricity*

**Mr. Merwin L. Anderson** teaches the students in this shop how to rewind motors, repair home appliances, and to install electrical service.

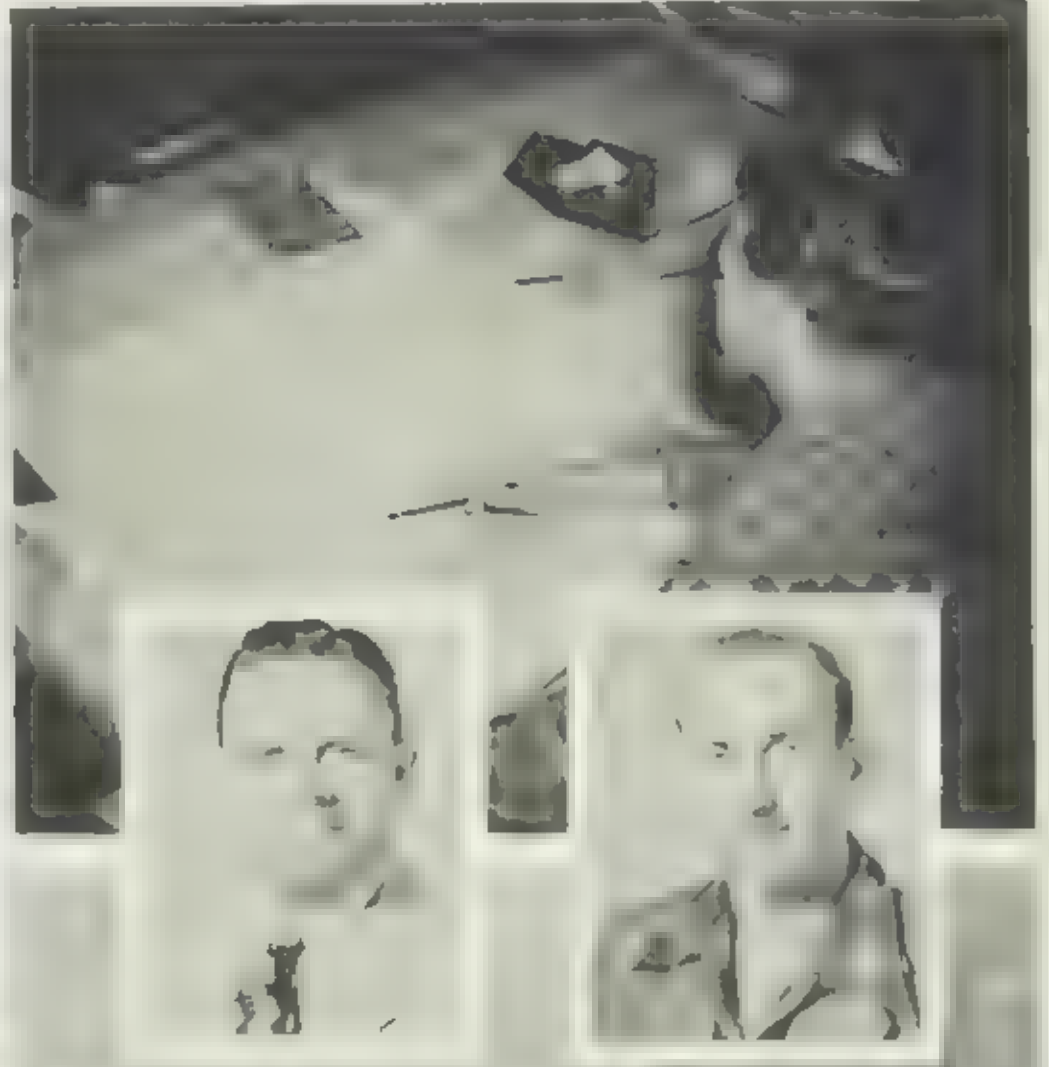

# *Machine Shop*

Mr. Frank E. Franquero, and Mr. Harry E. West,  
are the instructors of machine shop

# *Architectural and Mechanical Drafting*

Mr. Hugh L. Bankhead, and Mr. R. W. Hackleman, in this shop, teach the student how to translate ideas to paper. All patterns must be neat, clean, accurate, and lettering is especially necessary.

## *Practical Nursing*

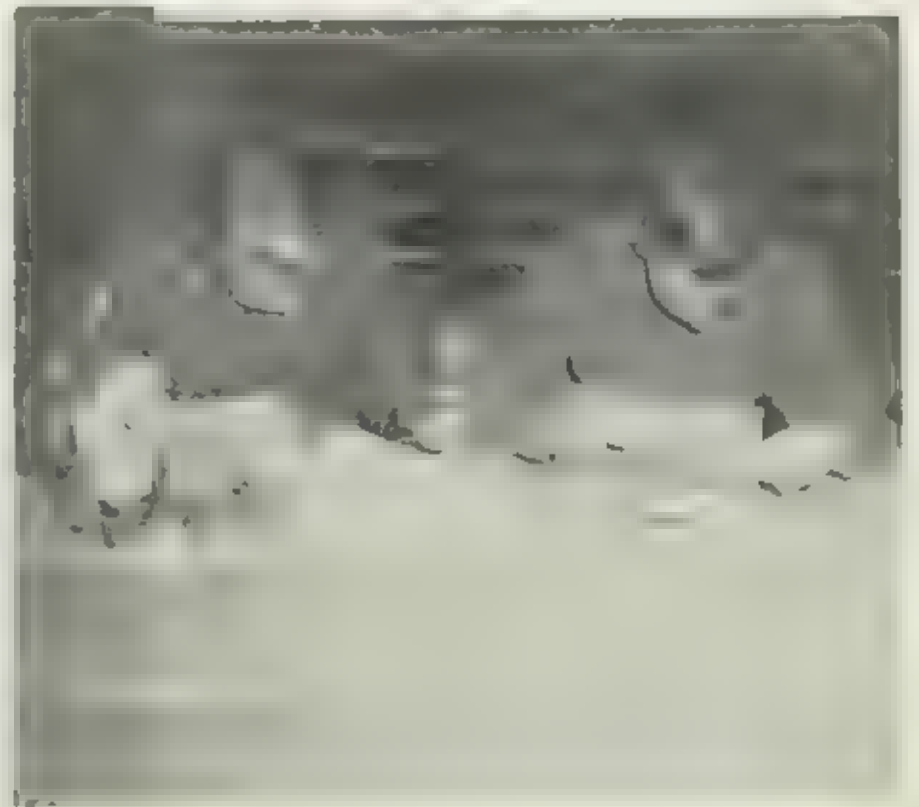

Miss Gladys Feuhr, and Mrs. Ruth Young teach this shop during a period of twelve months. Half of this time is spent in class and the remainder is spent at the Memorial Hospital and Crippled Children's Home

# *Radio and Television*

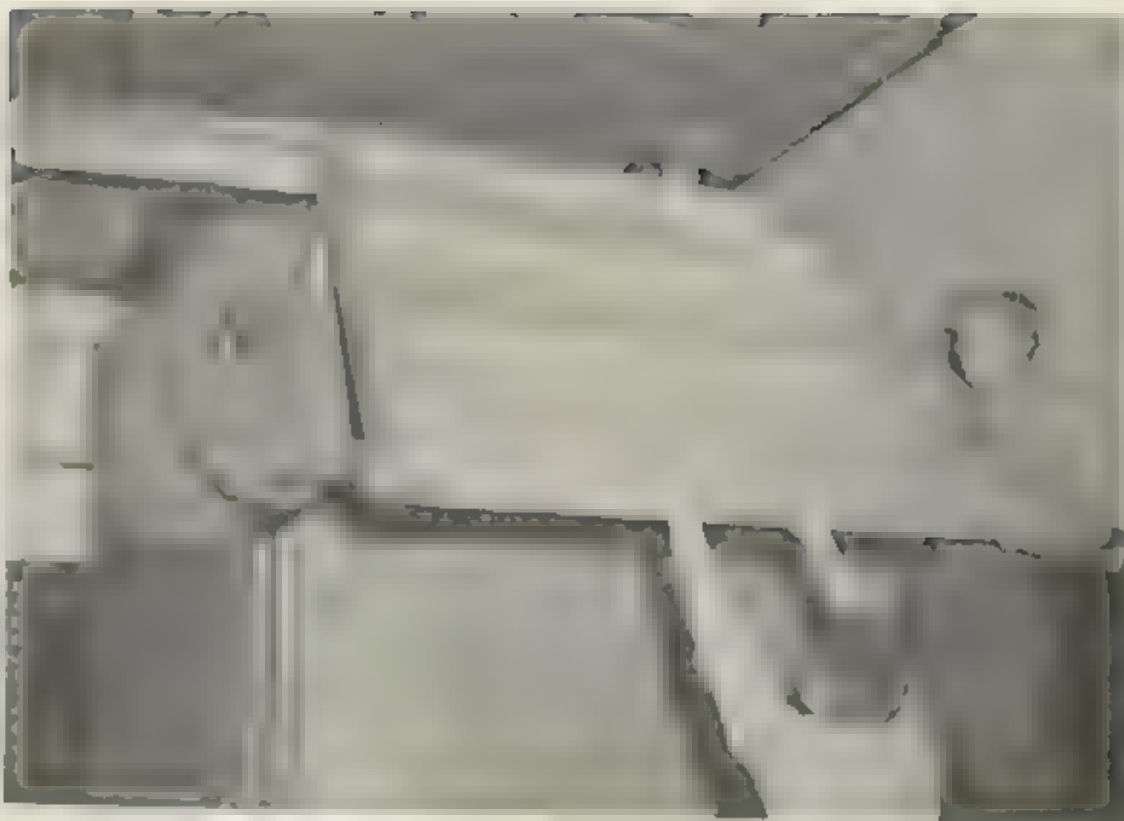

Actual building and operation of radio receiving and transmitting equipment, is taught to the students by **Mr. William H. Voigts**, and **Mr. Frank M. Gray**. After completing this course, a student may qualify as a licensed radio operator

# Refrigeration

Mr. Andrew Davis and Mr. John E. Kronenbitter teach the use of compressors, refrigerants electrical controls, shop practices, installation and service. Survey and load estimating are also taught in this shop.

# *Sheet Metal*

Mr. Homer Dukes is Instructor of the Sheet Metal Shop. The students learn to cut, bend and make accurate measurements pertaining to the uses of different types of metal

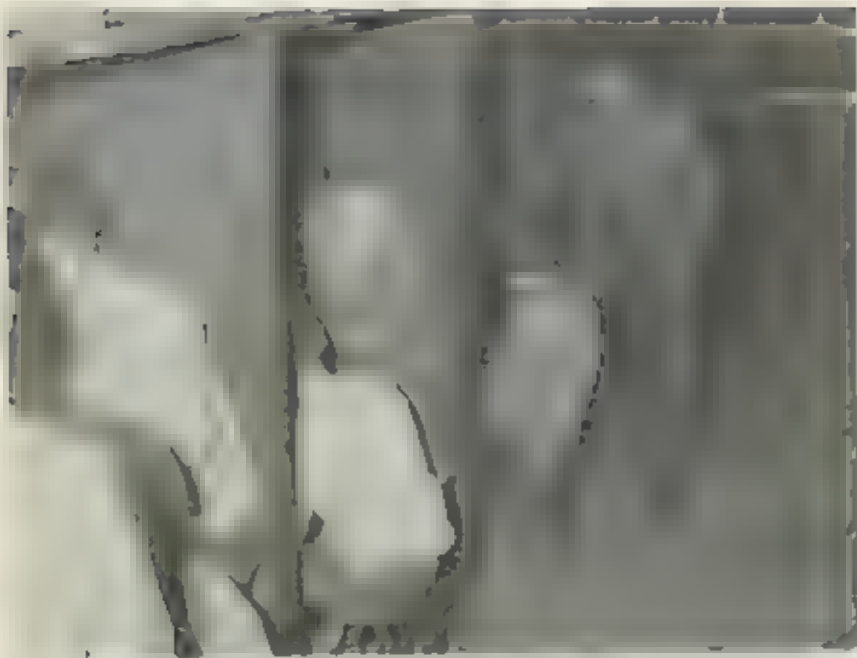

# *Store Training*

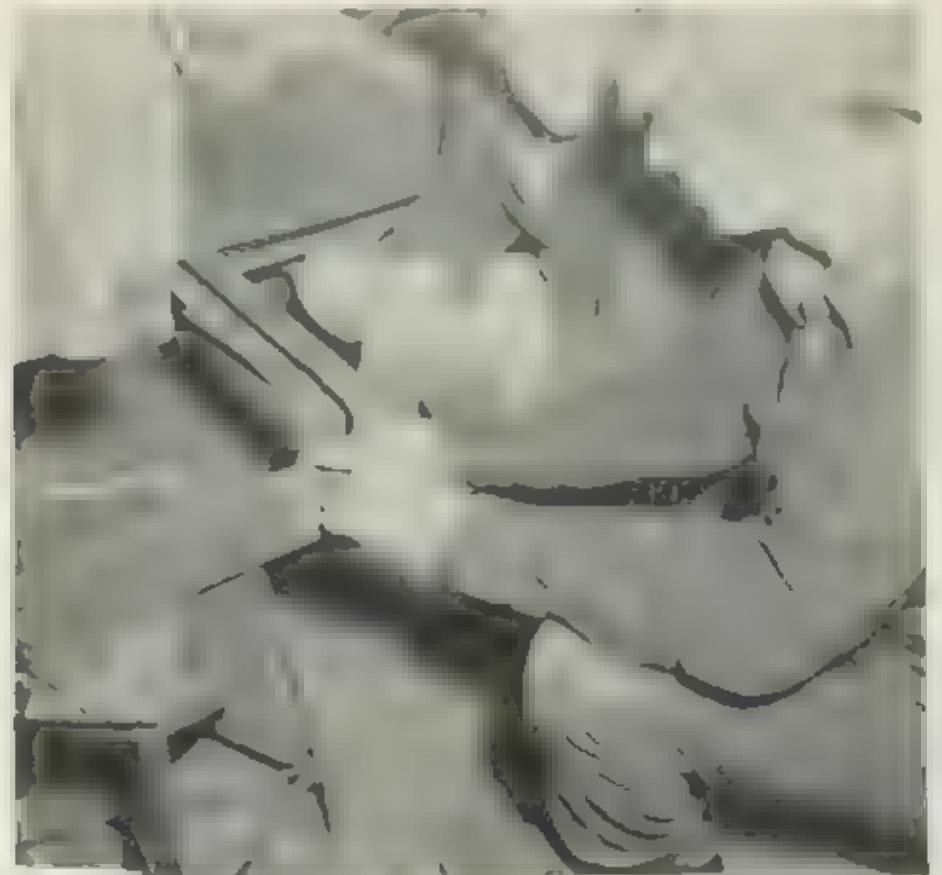

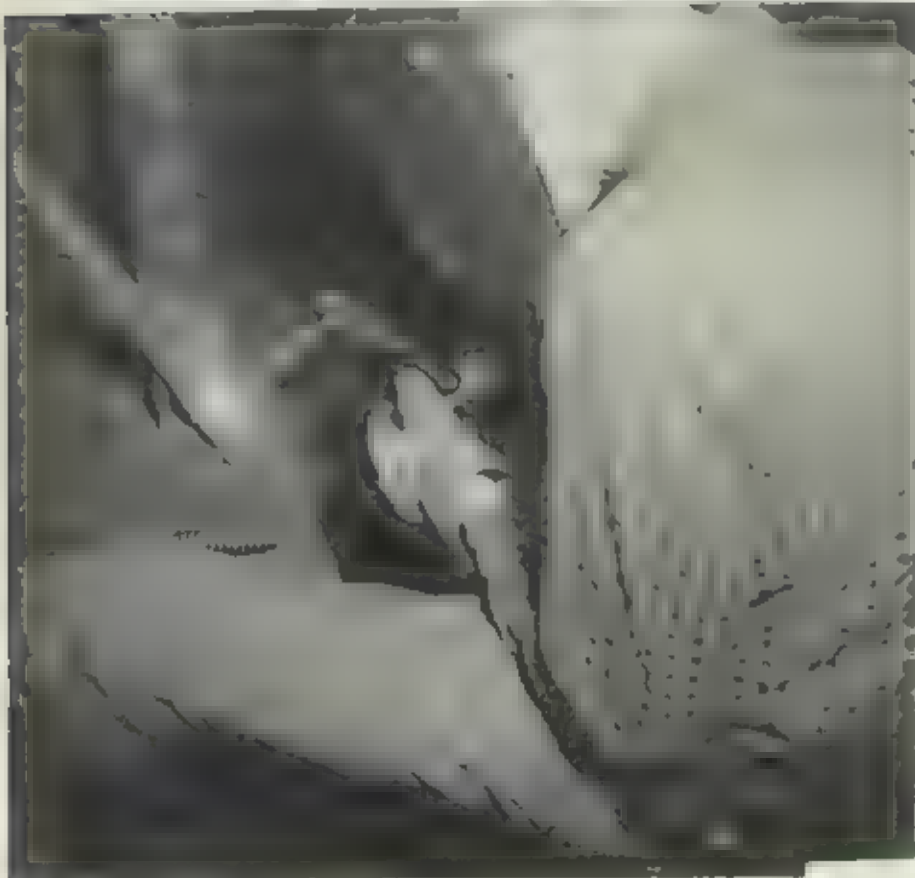

The students of the Store Training Class learn all the different techniques in selling, buying and trading. These students are directed in their different activities by **Mr. Joe Kushibab.**

# *Welding*

The students in the Welding Shop learn to work with both Acetylene and arc welding. **Mr. Paul Moore** and **Mr. B. M. Boan** are in the Welding Shop

"OOPS, JUST MADE IT!"

## TECH 6 — PRESCOTT 0

Tech won its first game of the 1951 season by scoring a touchdown late in the 4th quarter to nose out the favored Prescott Badgers, 6 0

Alex Gordoa broke through for a 41 yard sprint to highlight Tech's running activities. Dave Hicks smashed his way through for 16 more yards and on the next play picked up 2 yards more on a center plunge

Frank Soto, who had been playing a fine game, exploded with a smashing 6 yard drive for the winning tally

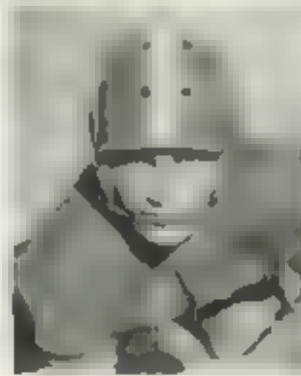

## TECH 13 — YUMA 0

Tech's strong line brought Tech its second class A win over the tough Yuma Criminals

The first half was scoreless but on the second play of the first half Frank Soto, a consistent mail toter, dashed off right tackle for a 71-yard scoring run

On the last play of the third quarter Tech scored again. David Hicks running 46 yards out of the 66 yard touchdown march set up the play by a 28 yard run and Frank Soto carried it over from 4 yards out

## WEST HI 19 — TECH 6

Tech's usually strong ground game bogged down to a slow crawl in the Annual Turkey-day clash. Although Tech's ground game was poor, the Hornet's air attack was good, accounting for 67 yards to West's 27 yards in the air

The Hornets stayed with the Thunderbirds for the first, coming out of it 6-6, but West High scored 2 times more in the second half

## CARVER 12 — TECH 6

Tech began its 1951 football season with a loss at the hands of the Carver Monarchs. Carver took an early initiative and scored on a 51 yard run by fullback Engraves. Carver missed the extra point, as did Tech after a touchdown towards the end of the first half. David Hicks carried it over for Tech after Frank Soto set the play up by a 95 yard jaunt to the Carver 4. The score at the half was 6-6 and with a scoreless 3rd period, remained the same until Carver again drove over for the winning touchdown on the fourth play of the last quarter

## ST. MARY'S 21 — TECH 18

The St. Mary's Knights ran into a tough struggle taking Tech for their fourth defeat.

The Knights took an early and distant lead in the first half with a score of 21 to 6 at the half but that was all they could do and Tech dominated the game from then on.

Hard running David Hicks again showed some of the finest football on the field, playing with a still ailing dislocated shoulder and further hampered by a brace on his shoulder that made him look like he was carrying the football on his shoulder.

Hicks, running out of the fullback position as usual, carried the pigskin over for Tech's first score on a 22 yard run after a long march on the ground aided by runs by Gomez and Bojorquez.

Hicks also scored the second touchdown on a four yard plunge. Manuel Martinez, showing some beautiful passing in the last quarter, passed to George Aitken for a 33 yard scoring play.

Two times during the game fate just wouldn't let Tech score. A long drive by Tech was stopped on the St. Mary's 6 inch line when Tech fumbled in eagerness. In the second quarter, Martinez flipped a beautiful pass into the end zone but the Tech end standing all alone misjudged the ball.

## AMPHITHEATER 21 — TECH 14

Tech dropped its second game of the season, after 3 straight wins, to the Amphi Panthers at Tucson.

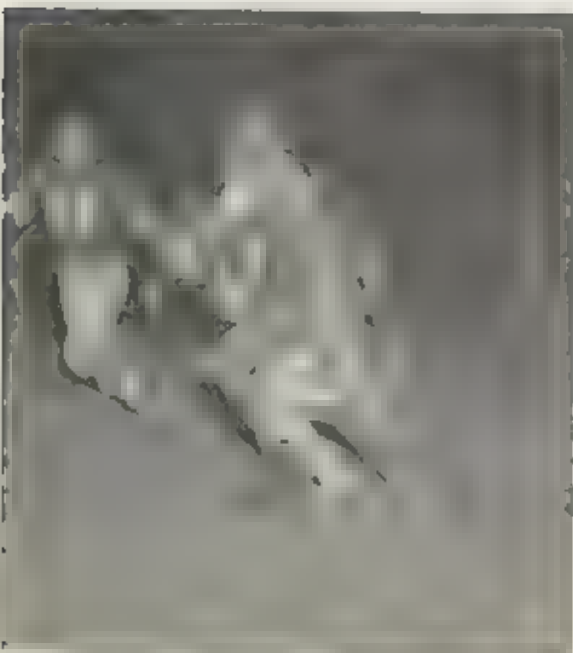

The first Tech score was made on a pass by Jim Lindsey from Tech's 40 to Henry Ohlinger, and Ohlinger, dragging several Amphi players, lateraled to Frank Soto on the Panther 20 and Soto went the distance.

The papers followed up Henry Ohlinger's exceptional play in the Amphi game with several articles during the following week.

## PHOENIX UNION 45 — TECH 0

Tech's worst defeat of the season was also a bitter one, for it was at the hands of our arch sports enemy, the Coyotes.

Big Bob Jacobs of the Pack seemed to be unstoppable and it was apparent that Tech missed its standouts, which were sidelined because of injuries. The absence of Hicks and Chapman from the lineup, and an off day for Tech combined to make Tech a weak foe. Although the loss was bitter, we promise a better scrap next time.

## GLENDALE 7 — TECH 14

The Glendale Cardinals were the third straight Class A foe to fall before the rolling Tech Hornets at Glendale Memorial Stadium. Tech's ground game started to roll in the second quarter and Tech went over for the first score of the game with five minutes left in the first half.

Frank Soto returned a Glendale kick on a spectacular 77 yard run to score for Tech, making the score 14-0, but Glendale on an inspired drive, scored once to end 14-7.

Front Row Left to Right Jim Russell, Mgr., Richard Carbajal, Jerry Kirk, Sammy Bustos, Captain, Alex Santa Maria, Tolly Williams, Donald Roberts, Theodore Burton, Norman Steiger, Mgr. 2nd Row Ralph Fierros, Joe Hernandez, Richard Ortiz, Richard Alvarez, Elmer Lemley, Billy Kirby, George Ash, Jerry Carson, Delano Gower. 3rd Row, Coach LeSueur, James Womble, Richard Mesquita, James Barker, Jim Ryan, John Davis, Bernard Flournoy, Warren Brannoch, Hollis Richards, Howard Smith, Coach Franquero.

L. WELLS BAILEY

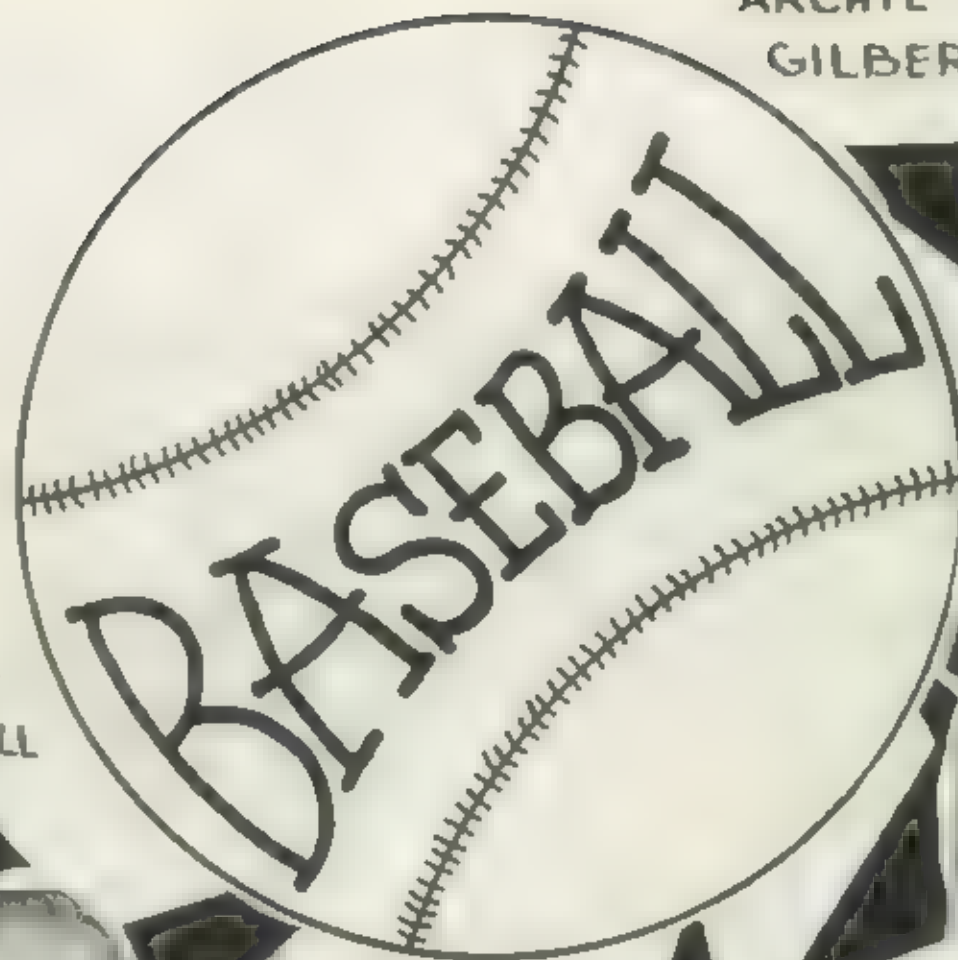

ELMA WEISS

Tech's baseball team last year was fairly successful, ending the season with a 7 win 9 loss record. This year the team has quite a few veterans and is expected to make a strong bid for the class "A" title. So far this season they have won games with Amphitheater 10-0, Carver 17-3, and have lost to Tucson 1-5, and Phoenix Union 0-6.

# *F. F. A.*

## FUTURE FARMERS OF AMERICA

The Future Farmers of America is an organization for boys. It is often referred to as the F F A. This organization is to better farming in the future, as it trains the boys to be farmers, and teaches them how to use different tools and grow many crops

# *"Wildcat Willy in the Doghouse"*

The Boys' Alliance and Girls' League sponsored their annual  
all-school play on March 7, 1952

## *G. A. A.*

The Girls' Athletic Association, popularly called the G. A. A. by its members, is an organization consisting of girls who have participated in sports and activities and have acquired the number of points required for membership. The G. A. A. stages initiation parties and other social events. They sponsor a few dances and usually sponsor an assembly during the year. The girls are given their letters in the annual awards assemblies.

## *ROTC Club*

Among its accomplishments was the joint sponsoring of the Second Annual Inter-city Military Ball and the First Annual Phoenix Technical School Hardtime Dance.

## *Rifle Team*

Sparked by the outstanding shooting of **Carl Rollins**, this year's winner of the American Legion Medal for outstanding rifle team member, and team manager, and **Robert Bejarano**, a second year veteran, the team was able to place members on all inter-city teams. Some of the boys successfully fired in matches in places as far away as Los Angeles.

## *Girls League*

Each year the Girls' League of Tech conduct many and various activities. They co sponsor the all school play with the Boys' Alliance, sponsor the football banquet and the Winter Wonderland Dance. The faculty advisor is Mrs. Kirk.

19

COACH WILLIAM DAVIS

52

The Letterman's Club is an organization sponsored by Mr. W. B. Davis, in which students earning letters in Athletics are members. These students conduct many special activities during the school year. From left to right kneeling: Manuel Martinez, Andy Valesquez, George Atken, Pat Porcarello. Standing: Coach Davis, Ernest Soto, Raul Baca, Beaver Montana, Tom Chapman, Tom Viscoglios, Archie Gibert.

## *Letterman's Club*

# *Reserve Officers Training Corps*

The Junior ROTC training program is a highly regarded instrument of our national affairs. Approximately three hundred cities have applied for a similar program, but the military budget prohibits further expansion of the Junior ROTC

The ROTC program is primarily a course to develop leaders. Self discipline, confidence, tact, and pride are the ultimate objectives. A graduate of Junior ROTC will find himself well prepared to cope with almost any situation that may arise during a national emergency and will be able to apply himself to filling the gaps left by less youthful aspirants. Bluntly, here is the embryo of tomorrow's Eisenhowers and McArthurs

# Manzanita Park

ROY CREECH

The Driver of Car No. 14 is high point man this year. Roy is treasurer of the Arizona Jalopy Racing Association

LEON TAYLOR

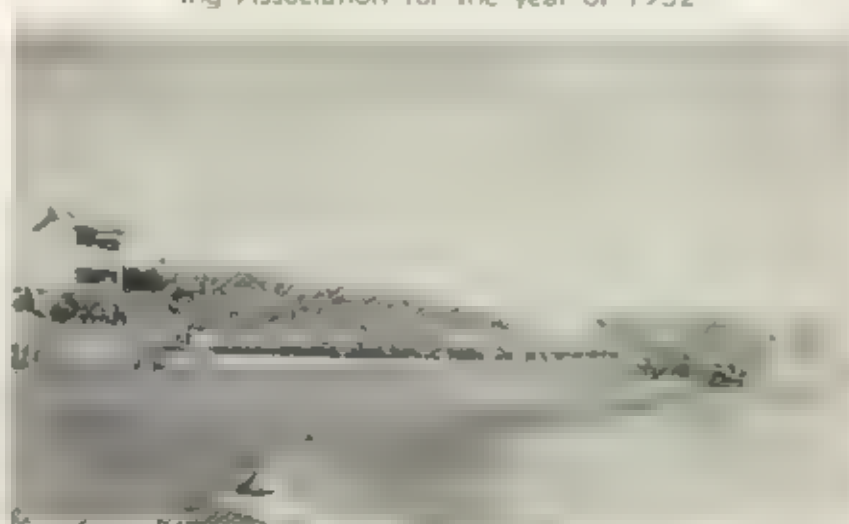

Driver of Car No 54 promises to be a top contender in this years high point standings. Leon was elected Vice President of the Arizona Jalopy Racing Association for the year of 1952

TINA HUDSON

Tina was the 1951 Champion of the Powder Puff Derby. She drives Car No 55 here at Manzanita Park. She is the only Powder Puff to cop three Derby events since it was started last September. Tina is Married to Ray Hudson who is part owner of Car 55. They have three children and live in Laveen Arizona

## Arizona JALOPY

## RACING Association

AVERY DOYLE

is the driver and owner of Car No 1 here at Manzanita Park. Avery is a local resident of Phoenix and has been for many years. He is one of the top contenders here at Manzanita. Over his many years of racing he has picked up a reputation of "The Driver that burns up the most motors". That's because he is always in there trying. Avery is in business on South Central, and lives at 6240 South 1st Street

Curley Milner is the Driver of No 47 the only 4-barrel Willis on the track. Curley is also the Secretary of the Arizona Jalopy Racing Association

JACK HOLLOWAY

Jack is the President of the Arizona Jalopy Racing Association for this year and was re-elected for the year of 1952. He is Driver and Owner of the HOODOO Wagon Car No 62. Jack is single and a native of Arizona

## *Our Chosen*

As you can see **Breeferd Large** and **Kathy Dutton** have succeeded in keeping their balloons inflated where others have failed. No wonder they were voted Most Likely To Succeed by the Class of '52.

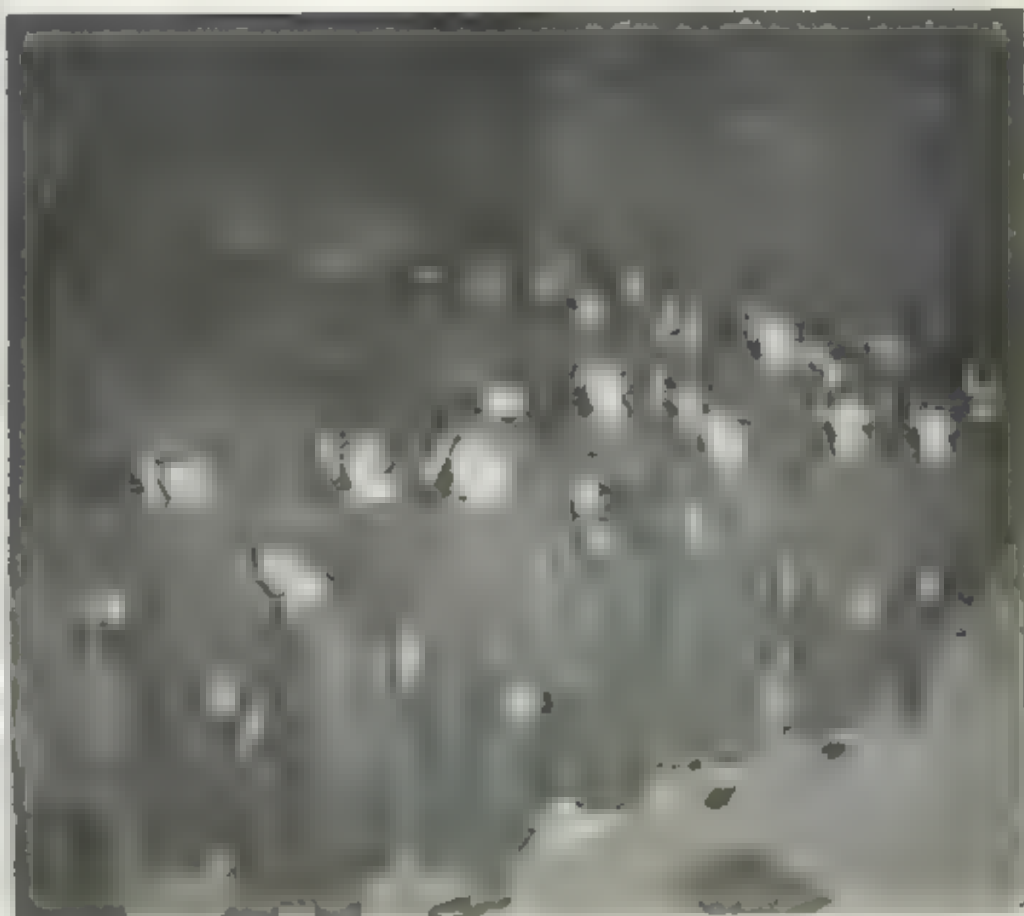

Ah! No words are needed to explain **Henry Ohlinger** and **Sylvia Large**. You can tell by their "Death Mask" expressions they were chosen as the Quietest.

# Seniors

Joy Kiggins greets George Sandoval in the most correct manner??  
What else could you expect since they were chosen Most Courteous  
Mac Williams and Jorjean Sutterfield seem to be saying "My my my  
we are beautiful! We know it because we were voted Best Looking"

## ... Graduates

Miss Betty Guheen and Mr. Bud Martin were chosen
